### Subpart A—General

#### § 111.1 Application (Rule 1).

The provisions of this part incorporate most of the Rules of the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS) and the maneuvering and warning whistle signals of the Inland Navigational Rules Act of 1980, supplemented by rules of particular application in the Panama Canal and shall be applicable to vessels and seaplanes upon the navigable waters of the Canal operating areas, as the same are described in Annex A of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977, and as they are depicted on Attachment 1 to that Annex, between a line connecting the East Breakwater Light and West Breakwater Light at the Atlantic Entrance to the Canal in Limon Bay and a line passing through Channel Buoys 1 and 2 extended to the Canal boundary lines at the Pacific Entrance in Panama Bay, and in the Ports of Balboa and Cristobal. Where any naval or military vessel of special construction as certified by the Secretary of the Navy or the Secretary of Transportation in the case of Coast Guard vessels operating under the Transportation Department, or by a corresponding official of a state, other than the United States, shall by virtue of statute, convention or treaty, be exempted from compliance with the International Rules (72 COLREGS), such vessel shall similarly be exempted from compliance with any corresponding requirement under the provisions of this part.

#### § 111.2 Responsibility (Rule 2).

(a) Nothing in this part shall exonerate any vessel, or the owner, master or crew thereof, from the consequences of any neglect to comply with these Rules

or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

(b) In construing and complying with this part due regard shall be had to all dangers of navigation and collision and to any special circumstance, including the limitations of the vessels involved, which may make a departure from this part necessary to avoid immediate danger.
